How to Use DreamStream: A Beginner's Guide

👁 3 ✓ 0 ★ 2

Chapter 1 by Amar Ku Samal

DreamStream is a visual platform enabling users to share and view information and images of their choice across the site. DreamStream hosts a great collection of information relating to varying issues ranging from beauty, health, motivation, humour, cooking, fashion, home décor, sports and the like. Also hobbies like gardening, music, philately and many more are covered. In short, DreamStream is one stop destination for people who have zest for life and passion for what they do!

How to become a Dreamer?

To really enjoy and benefit from DreamStream, the user has to sign up with DreamStream which is a very easy and no fuss process. The user can connect via Facebook, Twitter, Gmail or through any email address. If you choose to sign up with your email account, it will take you to a screen that will ask you for your name and email address. It will also ask you to create a unique password for your DreamStream account. Once you are finished, go to your mail id & activate the account and you became a Dreamer!

Once you become a Dreamer, you are presented with an array of subjects on varied topics. You can choose whatever interests you and you can also follow your favorite account holder/Dreamer.

On the DreamStream homepage the first thing you see is the recent post of the Dreamer you are following and also the category you liked.

Finally, to search for an account or a particular topic on the DreamStream homepage, simply use the search bar in the top left-hand corner.

Features of DreamStream:

DreamStream is loaded with user friendly features which help in easy navigating and also help the Dreamers to share their view.
